

YOUR VISION.

Needs. Analysis. Recommendations. Plan.

Integrating Transportation and Development

1. Ice Breaker Visions

- Accessibility (2)
- Connectivity (Multimodal)
- Placemaking
- Greater Transit co-ordination
- Workforce access to jobs
- Alternative modes
- User-friendly
- Flying cars
- Pedestrian and Mass Transit
- Transit village development
- Choices(2) for the elderly
- Maintain/improve quality and reduce congestion
- Timeliness or reliability
- Affordability (2)

2. Trends and Issues

List

- **Population migration to higher density areas**
- **Distinguish between thru travel and urban mobility**
- **Understand what it takes to be competitive regionally, nationally and globally.**
- **Use Mega projects to integrate transportation with development**
- **Recognize demographic changes- high wage, high employment with low wage, low education- improve Accessibility and Mobility**
- **Better link housing and jobs**
- **Using placemaking and better transit to retain youth in the state.**
- **Co-operation among municipalities- esp. para-transit**
- **Optimize infrastructure to capture value in cities and other higher density areas**

2. Trends and Issues

List

- **Improve Zoning to catch up with new demand**
- **Integrate transportation in specific corridors**
- **Attracting/Retaining corporations**
- **Interagency co-operation**

Top 5

- **Demographic shift**
- **Disconnect between home and work place**
- **Aging infrastructure**

3. Transportation Investments

List

- **Linking transit with jobs**
- **Combination of zoning, brownfield development, capturing value of land**
- **Improving capacity to do Mixed Use Development**
- **Invest in systems that integrate transportation**
- **Value of investments (2)**
- **Parking demand management policies**
- **Changing Institutional thinking**
- **Alternative sources of funding**
- **PPP, marketing and public outreach**
- **Public health impacts related to transportation**
- **Investment in better data**
- **Proportionality in investment(2)**

3. Transportation Investments

Top 5

- Creative funding
- Identify areas with value in transportation investment
- Education and outreach
